Thanks **Ex. 6 - Personal Privacy**

Sorry for the misunderstanding - with a work schedule like that you barely have time for sleep!

I will make arrangements to have someone come out (they will call first) to have the access agreement signed on the 6th. They would also ask to look at your treatment system to prepare for sampling.

We have you **Ex. 6 - Personal Privacy** scheduled beginning at 0830 on Feb 7th (Tuesday) if that is acceptable. It will probably take 4 to 5 hours to take all the samples since you have approved splitting with DEP/Cabot. Do I have your permission to send them your phone number so they can arrange their own access?

Thanks very much. Ann

Ann:

i am not out of town, but i am working. We work 14 twelve hour days, then get 7 days off. I am off the week of feb 6, so please schedule my sampling for that week. Can i give u the forms then ?

Hello **Ex. 6 - Personal Privacy**

I have seen the information regarding contacting **Ex. 4 - CBI** for access to your well head for sampling (we realize that you are out of town). I have a few other clarification questions regarding your sampling.

In the circumstances that we have folks hooked up to a water treatment system, we are hoping to sample before the treatment system and at the taps in the home to confirm the efficacy of the treatment systems. Since your mother is also hooked up to your well, we would also like to be able to sample **Ex. 4 - CBI** tap as well during our sampling event. We can work with **Ex. 4 - CBI** to access your water treatment building but would also like to be able to access your kitchen and your mother's kitchen to collect the tap samples. You, of course, can dictate whether or not you would allow this activity.

I have also attached sample access forms for you **Ex. 6 - Personal Privacy** |
can also have field personnel deliver access forms to **Ex. 6 - Personal Privacy**
if that is more acceptable. We are scheduling sampling after Monday

February 6 at this time so you may have returned from travel.

I can be reached via email or on the cell phone below at any time. thanks
- Ann
